FLEXIBLE POWER FOR RETAIL SUCCESS

RETAIL PRODUCT BROCHURE

designed to be better.™

Ideal power for the retail environment.

Expertly designed as a simple, versatile, fast, and economical solution for supplying power, our products are unique because they can be tapped instantly at any location.

Unlike traditional track lighting, with Starline Track Busway, both lighting and power are connected in the same housing. This means the system can power lighting and provide power to equipment.

For flexible wall-mounted power, Starline Plug-In Raceway is the perfect solution for those retail environments that need to change displays regularly.

STARLINE TRACK BUSWAY

Overhead power and lighting: Flexibility that's in your reach.

With Starline Track Busway, easy installation means reduced store construction time and costs. Our modular, overhead electrical distribution system is flexible and scalable, so you can relocate power anywhere you need it. In addition, the system is available in custom colors, meaning it can blend seamlessly into your store theme.

As the industry standard for flexible power in the retail environment, we have become the power distribution supplier of choice for some of the biggest retail names in North America. And with both power and lighting capabilities, Starline Track Busway is the ideal and comprehensive electrical distribution choice that can save time and money today and tomorrow.

Benefits of Starline Track Busway:

Reduced Installation Schedule and Costs

- Building projects are up and running faster
- Add, remove or relocate power easily and quickly anywhere in the store with no downtime
- Simple set up means installation is less expensive
- Lower cost of ownership

Flexibility for the Future

- Faster and less costly remodeling
- Plug-in units can be disconnected and connected without de-energizing the busway
- Requires no routine maintenance

Track Lighting Adapter

- Allows user to safely install lighting at the point of use
- Quick and convenient installation along the length of the busway
- Compatible with a variety of third party track lighting fixtures (Style "J" and "L")

Customizable and Adaptable

- Scalable, reusable and customizable lengths, sizes and configurations to meet your unique specifications
- Aesthetically appealing, available in standard and custom colors
- Can work with any manufacturer's lighting fixtures
- Ability to quickly add or relocate seasonal displays

STARLINE PLUG-IN RACEWAY

Wall mounted flexible power:
No wires. Endless possibilities.

Starline Plug-In Raceway was created to meet the ever-changing power distribution and datacom needs for retail applications such as convenience stores, fitness centers, point of sale registers, and retail displays.

Though it may look like other raceway products, Starline Plug-In Raceway has the fastest install times in the industry. It also has the unique ability to add or relocate plug-in modules after installation anywhere on the raceway, quickly and easily.

Benefits of Starline Plug-In Raceway:

Reduced Installation Costs

- Fast installation means labor costs are reduced
- Eliminates costly changes after installations, due to its flexibility
- Lower overall cost of ownership

Flexible and Scalable

- The Starline raceway system can be easily expanded, relocated and reconfigured
- Add additional raceway without having to run additional wiring
- Add additional plug-in modules without the need for an electrician
- Able to relocate from space to space, if needed

Reliable

- Raceway has similar technology as Starline Track Busway, which is the industry leader in mission critical applications
- Tested to meet NEC, UL and IEC standards
- Also ETL Listed

Aesthetically Appealing

- Available in many finishes and colors
- Compact, low profile design

Starline, a brand of Legrand, has been a leader in power distribution since 1924. The company's founders led the way for many new technologies in the power distribution equipment industry. Today, Starline continues to pave the way for safer, more innovative and more reliable electrical power distribution systems. Visit StarlinePower.com to learn more about our flexible power solutions.
